

# Fall NH11@AGU 2009 Invitation

**Ouzounov, Dimitar P. (GSFC-610.0)[R S INFORMATION SYSTEMS,]**

a me, Pier, Vincenzo, Valerio

Dear Mr. Giuliani:

For the upcoming 2009 Fall AGU in San Francisco USA, we are organizing a session NH11 at the Natural hazards focus group dedicated on the M6.3 L'Aquila earthquake occurred in the central Italian region of Abruzzo on 6 April 2009.

**NH11: Terrestrial and Satellite Observation Related to Abruzzo M6.3 Earthquake of April 6, 2009**

**Sponsor: Natural Hazards**

[http://www.agu.org/meetings/fm09/program/scientific\\_session\\_search.php?show=detail&sessid=402](http://www.agu.org/meetings/fm09/program/scientific_session_search.php?show=detail&sessid=402)

**We would like to invite you to present an Invited talk@NH11 with tentative title "Correlations between measures of Radon from "PM-4" and seismic phenomena in L'Aquila Basin: the period December 2008 August 2009"**

Please let us know in your earliest convenience about your plans for the Fall AGU 2009.

Yours truly,

Conveners for NH11: Dimitar Ouzounov, Chapman University & NASA/GSFC; Pier Francesco Biagi, University of Bari, Vincenzo Lapenna, IMAA/CNRS, and Valerio Tramutoli, University of Basilicata
